

Career Counseling Post-Appointment Survey

Voluntary Consent

This brief survey is designed to help the career counselors at The Career Center learn what they are doing well and how they could improve the services that they offer to students. Your participation is greatly appreciated. The survey is expected to take 3-5 minutes to complete.

You will be asked for brief reflections on what you learned today and what you will do next. No identifying information will be collected or connected to your responses at any time. All survey responses will be aggregated (combined) by The Career Center's assessment team to further protect the identity of respondents. The aggregated responses will then be used for career counselor training, to help improve the quality of services that The Career Center offers to U of I students.

Data collected for this project will be stored on secure, password protected computers, accessible only to The Career Center's assessment team. At the conclusion of the project, these materials will be archived for a period of five years and then destroyed. Participation in this survey is not anticipated to create any risks greater than normal life.

Some findings may be used in publications and conference presentations aimed at helping other career services and student affairs professionals conduct assessments to improve their individual counseling and advising services. Identifying information will not be included in any dissemination of results.

Please note, you must be at least 18 years of age to participate in this survey.

Your participation in this survey is completely voluntary, and you are free to withdraw at any time and for any reason without penalty. You are also free to refuse to answer any questions you do not wish to answer. Refusal to participate will not result in any negative impact on your current or future relationship with The Career Center or the University of Illinois at Urbana-Champaign.

If you have any questions or concerns, please contact Julia Panke Makela, Associate Director for Research and Assessment at The Career Center, by email at jpmakela@illinois.edu or by telephone at 217-244-2457. If you have any questions about your rights as a research participant, please contact Institutional Research Board at The University of Illinois at Urbana-Champaign, by telephone (call collect) at 217-333-2670 or email at irb@illinois.edu.
