Silent Auction

The Silent Auction opens at 6:00 p.m. The minimum bid and minimum raise for each item is written on the bid sheet by the item. To be valid, bids must comply with these minimums and be legible.

To place a bid, write your name and bid amount on the bid sheet. Doing so constitutes a legal contract to purchase that silent auction item at the price you stated if your bid is the winning bid. The last (highest) valid bid entered prior to the auction closing will be the winning bid.

The Committee reserves the right to withdraw any item at any time without notice before the actual sale. In the event of a dispute, the Committee shall act as final authority in determining the winning bid.

Payment

All items must be paid for by the end of the evening. For your convenience we gladly accept Cash, Check, Discover, MasterCard and Visa.

Pick-Up

Once you have paid for your winning items, you may claim your winning tangible items and/or certificates for services.

It is the responsibility of the purchaser to locate and remove his/her winning item(s) by the end of the auction.

Tax Information

This catalog lists the fair market value of each item. Any amount you pay in excess of the fair market value would normally be available to you as a charitable contribution for tax purposes. Please check with your tax advisor for specifics.
