

College Intern Information Sheet

*For students **entering** college or are in college in Fall 2017*

Dear Applicant,

Thank you so much your interest in working at summer camp this summer. Please know that we want to accommodate as many college candidates as possible, but we are not sure how many interns we will need until the middle of May. Camp staff is dependent on the number of campers we have enrolled in the program.

Working with your college/university, there may be an opportunity for you to use this internship experience to obtain credits. It is **up to the applicant** to ensure that all required requisites are met; not the Camp Director. It is highly recommended that if you are working to obtain credit, and there are specific prerequisites set forth by your course instructor, please discuss with the Camp Director prior to June 12th, so that she can help to provide opportunities to achieve success. You are also required to provide a complete copy of your internship program/guide to the Director.
