1. See above-administrative posting resources would be helpful.

6. allow email blasts to student community
7. I would suggest booking info sessions outside of the Career Center staff room so that employers and students are not rushed out of the office at 5pm. Or I would insist that all info sessions begin before 4pm, as one hour is not enough time for us to hold a presentation, answer questions and provide dinner. The staff has been agitated with us as we went past 5pm at both events.
8. On OWL CareerLink I can only see the Job Posting number; I do not have these memorized so it would be great if I could also see the title of the job on that page. It would make posting/copying jobs much easier.
