

Induction Feedback

This questionnaire is to be completed after your induction programme is finished (normally 3 to 4 weeks into your programme starting). Student feedback is an important process within the Grimsby Institute and an opportunity to gain your views and opinions which will help us improve the quality and standards of our provision in the future.

Please circle the number you think is appropriate and then providing more detailed response in the box at the end of the form if appropriate. The questionnaire is anonymous and as a result no-one will be able to trace your comments back to you. Once completed the results of these questionnaires are analysed by your programme team and an overview compiled that will be discussed in programme team meetings and annual monitoring reports.
