

Potential Internship Supervisor Questionnaire

American Horticultural Therapy Association®

Would you be interested in being considered to supervise a prospective AHTA intern? AHTA is working to develop a list of possible Internship Supervisors in an effort to assist those working toward Professional Registration.

This list would not be available to the public, nor will individual recommendations be made. However, at this time the plan would be to supply a prospective intern with a list of HTR Supervisors within a "close" geographic area.

By replying, you are not committing to be a supervisor, and we cannot guarantee you would be called as a supervisor. If you would like more information, please fill out the form below and indicate that you would like to be contacted.

Your Name _____

Address _____

City _____ State _____ Zip _____

Contact Name _____

Telephone _____
