

0-3 Prevention Initiative Parent Questionnaire

Prevention Initiative (PI) grantees must submit data into the IWAS “0-3 Prevention Initiative – Parent Questionnaire” system.
The deadline to submit data is July 1 of each fiscal year.

Instructions for Prevention Initiative Direct Service Providers:

- Staff will administer this Parent Questionnaire one time at the end of each fiscal year (June 30). When a family transitions out of the program midyear, staff should administer this Parent Questionnaire prior to the last visit with the family. All questionnaires must be submitted to ISBE via IWAS on or before July 1.
- Staff will administer this Parent Questionnaire to at least one parent/caregiver for each child in the program. If two parents are actively participating, both may complete a form if they wish. If a family has two or more children between the ages of one month and three years, a Parent Questionnaire would be completed for each child enrolled.
- Staff will administer this Parent Questionnaire to a parent/caregiver only if the child is one month or older and the family has been enrolled in the program for at least one month or more. Both of these criteria must be met for a parent/caregiver to complete this form.
- This Parent Questionnaire is an anonymous survey for parents or caregivers; therefore, this information will not be associated with the individual child, parent, or family. Staff will assist parents/caregivers who have literacy challenges.
