

Sample Student Engagement Survey

Instructions

This is a **sample** of the type of pretest/posttest survey you may use to measure improved school engagement, National Performance Measures Outcome ED27. The survey should be administered once at the beginning of the project period or school year, and again at the end of the project period or school year. You may modify this survey to fit your project's needs.

Students with low reading levels may need someone to read the questions and answers to them.
