INDEPENDENT AUDITORS' REPORT

To the LCRA Retirements Benefits Board of Trustees
Lower Colorado River Authority 401(k) Plan
Austin, Texas

We have audited the accompanying financial statements of Lower Colorado River Authority Retirement 401(k) Plan (the Plan), as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Plan's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of the Plan as of December 31, 2018 and 2017, and the changes in the Plan's net position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2, the financial statements present only the Plan and do not purport to, and do not, present fairly the financial position of the Lower Colorado River Authority, as of December 31, 2018 and 2017, and the changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN

MANAGEMENT'S DISCUSSION AND ANALYSIS

As of and for the Years Ended Dec. 31, 2018, and 2017

This section of the Lower Colorado River Authority's (LCRA) 401(k) Plan (Plan) financial report presents our discussion and analysis of the Plan's financial performance for the years ended Dec. 31, 2018, and 2017. The LCRA Retirement Benefits Board of Trustees voted to change the Plan's fiscal year-end from March 31 to Dec. 31 on Sept. 21, 2016. This change resulted in a nine-month period. The reader should consider the information presented here in conjunction with the financial statements that follow.

Financial Statements Overview

This discussion and analysis is intended to serve as an introduction to the Plan's financial statements, which comprise the following:

Management's Discussion and Analysis

This section provides an objective and easily readable analysis of financial activities based on currently known facts, decisions and conditions.

Statements of Fiduciary Net Position

The statements of fiduciary net position present the assets and liabilities of the Plan for the current year and prior year. Assets are stated at fair value and, accordingly, unrealized appreciation and depreciation are reported in the statements of changes in fiduciary net position. Purchases and sales of investments are recorded on a trade-date basis and, accordingly, the related receivables and payables for any unsettled trades are recorded. Amounts reported may include management's estimates. Actual results could differ from those estimates.

Statements of Changes in Fiduciary Net Position

The statements of changes in fiduciary net position present information showing how the Plan's net position changed during the current period. Changes are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Revenues and expenses are reported in these statements for some items that will only result in cash flows in future periods.

Notes to Financial Statements

The notes include a summary of significant accounting policies, a brief description of the Plan, and disclosures regarding liabilities, investments and administrative expenses, which are deemed necessary for a full understanding of the data provided in the Plan's financial statements.

Collectively, this information presents the net position restricted for pensions as of the end of each period and summarizes the changes in fiduciary net position for the period.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN
MANAGEMENT'S DISCUSSION AND ANALYSIS
As of and for the Years Ended Dec. 31, 2018, and 2017

Financial Highlights

	Dec. 31, 2018	Dec. 31, 2017	Dec. 31, 2016
Assets			
Investments at fair value	\$ 233,101	\$ 243,842	\$199,006
Loans to participants	5,667	5,655	6,271
Total assets	<u>238,768</u>	<u>249,497</u>	<u>205,277</u>
Liabilities			
Total liabilities	-	-	-
Net position restricted for pensions	<u>\$ 238,768</u>	<u>\$ 249,497</u>	<u>\$205,277</u>

Statements of Fiduciary Net Position Overview

Net position restricted for pensions decreased by approximately \$10.7 million, or 4.3% for the year ended Dec. 31, 2018. The decrease was due to the \$10.7 million, or 4.4%, decrease in the fair value of the Plan's investments compared to Dec. 31, 2017. The decrease primarily resulted from an economic downturn in December 2018 that eclipsed relatively stable market conditions throughout 2018 as compared to consistently strong market conditions for the year ended Dec. 31, 2017.

Net position restricted for pensions increased by approximately \$44.2 million, or 21.5%, for the year ended Dec. 31, 2017. A stronger market performance in 2017 compared to the previous year primarily drove the increase.

Total investments were approximately \$233.1 million as of Dec. 31, 2018, a decrease of approximately \$10.7 million, or 4.4%, for the year ended Dec. 31, 2018, due to the economic downturn in December 2018 that did not rebound until 2019. Total investments as of Dec. 31, 2017, were approximately \$243.8 million, an increase of approximately \$44.8 million, or 22.5%, for the year ended Dec. 31, 2017. Stronger market performance throughout 2017 compared to the lower investment earnings for the period ended Dec. 31, 2016, primarily drove the increase.

Participant loan activity remains at a high volume with 195 new loans in 2018 and 164 new loans in 2017. The total number of loans outstanding was 584 as of Dec. 31, 2018, and 657 as of Dec. 31, 2017. The increase in loans to participants resulted in a \$0.01 million increase in loan balances from Dec. 31, 2017, to Dec. 31, 2018. There were 164 new loans in 2017 and 192 new loans for the nine-month period ended Dec. 31, 2016. The total number of loans outstanding was 657 as of Dec. 31, 2017, and 761 as of Dec. 31, 2016. The decrease in loans to participants resulted in a \$0.6 million decrease in loan balances from Dec. 31, 2016, to Dec. 31, 2017.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN
MANAGEMENT'S DISCUSSION AND ANALYSIS
As of and for the Years Ended Dec. 31, 2018, and 2017

Condensed Statements of Changes in Fiduciary Net Position
(Dollars in thousands)

	12 Months Ended Dec. 31, 2018	12 Months Ended Dec. 31, 2017	9 Months Ended Dec. 31, 2016
Additions			
Contributions	\$ 23,939	\$ 20,388	\$ 15,791
Investment income (loss) and interest income on loans receivable from participants	(16,228)	41,922	12,054
Total additions	7,711	62,310	27,845
Deductions			
Benefits paid to participants	(18,454)	(18,037)	(14,814)
General, administrative and other (expenses) income	14	(53)	(7)
Total deductions	(18,440)	(18,090)	(14,821)
Net increase (decrease)	(10,729)	44,220	13,024
Fiduciary net position restricted for pensions, beginning of period	249,497	205,277	192,253
Fiduciary net position restricted for pensions, end of period	<u>\$ 238,768</u>	<u>\$ 249,497</u>	<u>\$ 205,277</u>

Statements of Changes in Fiduciary Net Position Overview

Contributions made by both employees and LCRA increased by approximately \$3.6 million, or 17.4%, for the year ended Dec. 31, 2018, and increased by approximately \$4.6 million, or 29.1%, for the year ended Dec. 31, 2017. New participants to the Plan largely contributed to the increase for the year ended Dec. 31, 2018. A full year of contributions, as well as new participants to the Plan, contributed to the increase for the year ended Dec. 31, 2017.

Investment income (loss) and interest income on loans decreased by \$58.2 million, or 138.7%, for the year ended Dec. 31, 2018. The decrease resulted from significant unrealized losses on Plan investments. While the first three quarters of 2018 experienced a stable incline in global financial markets, the fourth quarter suffered a sudden downturn that resulted in heavy losses across most major asset classes. Investment income (loss) increased by \$29.9 million, or 247.8%, for the year ended Dec. 31, 2017, compared to the previous year. The increase was a result of a stronger investment performance due to healthier market conditions.

The amount of benefits paid to participants increased marginally by approximately \$0.4 million, or 2.3%, during the year ended Dec. 31, 2018, mostly due to the increase in participants. Benefits paid for the year ended Dec. 31, 2017, increased approximately \$3.2 million, or 21.8%. The increase resulted from comparing a full year of benefit payments to the prior nine-month period.

General, administrative and other expenses (income) decreased \$0.1 million for the year ended Dec. 31, 2018, due to increased offsetting revenue credits. Conversely, there was a \$0.1 million increase for the year ended Dec. 31, 2017, due to increased fees in addition to including 12 months instead of nine months for the year ended Dec. 31, 2016.

Request for Information

This financial report is designed to provide a general overview of the finances of LCRA's 401(k) Plan for all parties with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Retirement Benefits Administrator, LCRA, 3700 Lake Austin Blvd., Austin, TX 78703.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

As of and for the Years Ended Dec. 31, 2018, and 2017

1. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a single-employer defined contribution plan sponsored by LCRA and administered by the LCRA Retirement Benefits Board of Trustees (Board). The Board has seven members: two LCRA Board members, two employees from upper-management positions and three employees from positions other than upper management. The LCRA Board of Directors has sole authority to amend the Plan. LCRA employees are eligible to participate in the Plan immediately upon employment. As of Dec. 31, 2018, and Dec. 31, 2017, 1,927 employees and 1,872 employees, respectively, were eligible to participate in the Plan, and 1,768 employees and 1,699 employees, respectively, were actively participating in the Plan.

Contributions: Participants may elect to contribute from 1.0% of eligible compensation up to the maximum allowed annual contribution as prescribed in Internal Revenue Code (IRC) Section 402(g)(4). Participants who fail to submit the proper election as of the Participant's Deemed Election Date are deemed to have made an election to contribute 8.0% of eligible compensation. Participants who are 50 years old before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

LCRA matches 25.0% of the first 4.0% of contributions for employees who were employed prior to Jan. 1, 2002, and did not elect to participate in the cash balance feature. LCRA matches 100.0% of the first 4.0% of contributions and 50.0% of the next 2.0% of contributions, as defined in the Plan, for employees who were employed prior to Jan. 1, 2002, and elected to participate in the cash balance feature of the LCRA Retirement Plan and Trust, as well as those participants employed after Jan. 1, 2002. LCRA matches 100.0% of the first 8.0% of contributions for employees hired after May 1, 2012. Contributions are subject to certain limitations.

Participants can elect to contribute on a pretax basis, an after-tax basis, or a combination of the two.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of LCRA's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants employed prior to May 1, 2012, are 100% vested in their voluntary contributions and employer contributions. A participant whose period of service begins on or after May 1, 2012, is 100% vested in their voluntary contributions at the date of contribution. However, a participant whose period of service begins on or after May 1, 2012, will be 100% vested in employer contributions only after reaching three years of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through after-tax payroll deductions.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

As of and for the Years Ended Dec. 31, 2018, and 2017

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits: On termination of service or age 59½, a participant may elect to receive a distribution up to the value of the participant's vested interest in his or her account. Any balance under \$1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals also are available for active employees subject to certain limitations.

Administrative expenses: Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing to take the loan.

Forfeitures: Participant forfeitures of nonvested balances may be used to reduce future employer contributions. During the year ended Dec. 31, 2018, employer contributions were reduced by \$0.2 million and there were \$0.2 million in unallocated forfeitures. During the Dec. 31, 2017, Plan year, employer contributions were reduced by \$0.3 million and there were \$0.2 million in unallocated forfeitures.

2. Summary of Significant Accounting Policies

Reporting entity: The Plan is sponsored by LCRA. The Plan does not purport to, and does not present, the financial position or changes in financial position of LCRA as of any date or for any period. Certain information regarding the Plan is included in the notes to LCRA's financial statements.

Use of estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein. Actual results could differ from those estimates.

Risk: The Plan invests in different types of investments, which are exposed to various risks that have the potential to result in losses. These risks are custodial credit risk, credit risk, concentration of credit risk, interest rate risk and foreign currency risk. Each risk is described in detail on the following pages. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net position.

Basis of accounting: The financial statements of the Plan are reported using the economic resources measurement focus and are prepared on the accrual basis of accounting in conformity with U.S. GAAP. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. The Plan applies all applicable Governmental Accounting Standards Board (GASB) pronouncements and presents its financial statements in accordance with the GASB Codification of Government Accounting and Financial Reporting Standards.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

As of and for the Years Ended Dec. 31, 2018, and 2017

Investment valuation and income recognition: GASB Statement No. 72, *Fair Value Measurement and Application* (Statement No. 72), addresses the accounting and reporting issues related to fair value measurements.

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants. Investments are reported at fair value based upon quoted market prices, or when quoted market prices are not readily determinable, estimated fair values using observable inputs, including quoted prices for similar securities, interest rates and a fixed income pricing model that uses available market rates. The Plan values its fixed income securities using a fixed income pricing model provided by its investment custodian. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price per share of the fund.

The Plan uses various methods to measure the fair value of investment on a recurring basis. Statement No. 72 establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets and liabilities that the Plan has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Plan's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets and other characteristics particular to the security. To the extent valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Investments measured at net asset value do not have significant terms or conditions for redemption or commitment for additional funding. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains and losses on investments still held at year-end.

Payment of benefits: Benefits are recorded when paid.

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

As of and for the Years Ended Dec. 31, 2018, and 2017

3. Investments

The Plan's trustees have the following responsibilities:

- Operate the Plan in compliance with legal requirements and Plan documents for the exclusive benefit of the participants.
- Adopt an Investment Policy Statement (IPS) that provides the appropriate investment options.
- Identify appropriate investment options allowing for adequate levels of asset allocation.
- Select qualified investment administrators.
- Select a custodian.
- Monitor investment results.
- Monitor administrators' compliance with the IPS and the fees charged for services.
- Take appropriate action if objectives are not being met or guidelines are not being followed.

Investment administrators have the following responsibilities:

- Develop and implement the investment strategy.
- Manage assets within guidelines, regulations and the investment strategy.
- Communicate to the Board, at least annually, the performance of the Plan's investments.

Trustees provide trustee services and provide for the education of participants regarding the importance of equities and asset allocation. The record keeper maintains account balance information on a participant, as well as on a total Plan basis. Participants determine personal risk level and select options appropriate for meeting their unique investment objectives.

The investment objective of the Plan is to provide a manageable group of mutual funds that offers the participants a quality product with the ability to properly diversify their investment holdings.

The fund manager and investment administrator are expected to manage the Plans' assets in a manner consistent with the investment objectives, guidelines and constraints outlined in the Plan's investment policy and in accordance with state and federal requirements. This includes discharging responsibilities with respect to the Plan consistent with the prudent expert-standard as described above and all other fiduciary responsibility provisions and regulations. The fund manager and investment administrator shall at all times be registered in good standing as an investment adviser under the Investment Advisers Act of 1940, and shall acknowledge in writing that it is a fiduciary of the Plan.

The Board has determined a wide range of alternative investment options will be available to participants.

A representative of the fund administrator and/or fund manager meets with the Board annually to review and explain the Plans' investment results. Written reports of interim performance are provided on a quarterly basis. Monthly statements of portfolio holdings and transactions are provided to the Board. The fund manager is available on a reasonable basis for telephone communication when needed. Any material event that affects the ownership of a fund manager firm or the management of this account must be reported immediately to the Board.

The Board monitors each fund's performance on a quarterly basis and evaluates each fund's and the Plan's success in achieving the investment objectives over a rolling three-year to five-year horizon.

¹ Domestic equity managers invest in U.S.-based companies utilizing bottom-up stock selection and quantitative screening. Some managers may be passively managed and seek to replicate performance of their respective indices. Active managers seek to outperform their respective indices over a long-term investment horizon.

² International equity managers invest in internationally based companies and seek either to replicate or outperform their respective indices over a long-term investment horizon.

³ Fixed income managers invest in U.S.-related debt securities and pursue capital preservation in lieu of capital growth. These managers seek either to replicate or outperform their respective indices over a long-term investment horizon.

⁴ Target date managers may invest in both equity and debt strategies and shift their asset allocation over time. As a fund approaches its intended retirement year (e.g., 2025), it will shift its asset allocation to debt securities to preserve capital.

⁵ BrokerageLink allows participants to directly invest. Market value shown includes the Fidelity Fund and External Fund.

⁵ BrokerageLink allows participants to directly invest. Market value shown includes the Fidelity Fund and External Fund.

Custodial credit risk: Custodial credit risk for investments is the risk that in the event of a failure of a counterparty to a transaction, the Plan will not be able to recover the value of the investment or collateral securities in the possession of an outside party. The Plan has no formal investment policy regarding custodial credit risk, and it is exposed to custodial credit risk. For the year ended Dec. 31, 2018, the amount of equity securities was \$3.5 million and for the year ended Dec. 31, 2017, the amount of equity securities was \$5.3 million.

Credit risk: Credit risk is the risk an issuer or other counterparty to an investment will not fulfill its obligation. The Plan has no formal investment policy regarding credit quality rating guidelines. These associated risks will vary according to each participant's investment elections.

As of Dec. 31, 2018, and Dec. 31, 2017, there were three fixed income managers in the Plan. Vanguard Total Bond Market Index Admiral held a portfolio-level credit rating of AA/Aa2, Fidelity Intermediate Bond Fund held a portfolio-level credit rating of A/A2, and Vanguard Interm-Term Bond Index Admiral held a portfolio-level credit rating of AA/Aa2.

Concentration of credit risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Plan has no investment policy regarding concentration of credit risk. Securities issued or explicitly guaranteed by the U.S. government and investments in mutual funds and external investment pools are not subject to concentration of credit risk.

The following table presents the fair value of equity investments representing 5% or more of the Plan's net position separately identified as of Dec. 31, 2018, and Dec. 31, 2017:

Investment Concentration of 5 Percent or More (Dollars in thousands)		
Investment	Dec 31, 2018	Dec 31, 2017
Fidelity Contrafund K	\$ 40,624	\$ 43,576
Fidelity Freedom 2035	25,251	26,887
Fidelity 500 Index Institutional	24,149	25,417
Fidelity Freedom 2025	23,045	23,570
Fidelity Freedom 2045	20,498	19,766
Fidelity Freedom 2015	14,618	15,619
Vanguard Equity-Income Admiral	12,758	13,314

LOWER COLORADO RIVER AUTHORITY 401(K) PLAN **NOTES TO THE FINANCIAL STATEMENTS** **As of and for the Years Ended Dec. 31, 2018, and 2017**

Interest rate risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of investments. The Plan has no formal investment policy for the management of interest rate risk. See charts on previous pages measuring the investments by net asset value.

Foreign currency risk: Foreign currency risk is the risk changes in exchange rates will adversely affect the fair value of an investment. The Plan has no formal investment policy for the management of foreign currency risk. As of Dec. 31, 2018, and Dec. 31, 2017, the Plan had mutual funds that were exposed to foreign currency risk totaling \$14.1 million and \$16.2 million, respectively. The mutual funds that compose the foreign currency risk balances mentioned are the Fidelity Contrafund K, Fidelity Low-Priced Stock Fund K, Fidelity Diversified International K, Fidelity International Index Premium and Vanguard Total International Stock Index Admiral Fund. The amounts will not tie back to the sum of the individual funds, as the U.S. investments have been removed for this exhibit.

Foreign Currency, Fair Value (U.S. dollars in thousands)

4. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee, as defined by the Plan, and therefore, these investments qualify as related-party transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. The event of complete discontinuance of contributions to the Plan by the employer does not constitute a formal termination of the Plan and does not preclude later contributions; however, the accounts of all participants will, as of the date of the discontinuance, become 100% vested and nonforfeitable.

6. Tax Status

The Internal Revenue Service has determined and informed LCRA the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Board and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

The Plan is not subject to the provisions of the Employee Retirement Income Security Act.

7. Subsequent Events

The Plan has evaluated subsequent events through May 3, 2019, the date the financial statements were available to be issued and there were no subsequent events to be disclosed.
