Note: This form is for the student's use in tracking clinical experiences and discussions, and does not replace NARM Application forms.

Definitions:

Phase 1: Observer

Phase 2: Assistant Under Supervision: Student is being taught to perform the skills of the midwife. Skills increase in responsibility.

Phase 3: Primary Under Supervision: Student demonstrates the ability to perform all aspects of midwifery care to the satisfaction of the preceptor.

Phase 4: Primary Under Supervision: Additional births after Phase 3.

Initial Prenatal Visit: Includes intake interview, history (medical, gynecological, family) and a physical exam.

Postpartum: Physical, nutritional and socio-psychological review of the mother and baby after 24 hours and up to six weeks following the birth, and does not include the immediate postpartum exam.

Newborn Exam: Complete and thorough examination of the infant conducted within 12 hours of the birth.
