

# Make a Science Crossword Puzzle

Puzzle Maker: \_\_\_\_\_

Puzzle Solver: \_\_\_\_\_

Directions:

1. Use pencil.
2. Connect vocabulary words from your notes (all words must connect) but do not write the word in the grid - instead, outline the number of spaces the word would fill.
3. Provide a clue for the word.
4. Number the first space for each outlined word so that it corresponds to the correct clue.
