INTRODUCTION

The initial printing of this City of Seattle Salary Schedule and Compensation Plan reflects 2018 general wage rates reflecting increases authorized for non-represented and represented payroll titles at the time of publication of April 30, 2018. To keep up with changes as they occur, regular and timely updates will occur in the EV5 Human Resource Information System (HRIS), but will not generally be re-published in this format.

We have endeavored to show information consistent with its presentation in the City's HRIS by employing the field labels (Column Headings) as they can be found on current EV5 HRIS panels. Many obsolete titles and titles targeted for inactivation have been excluded. All of our changes have helped to make the publication reflect titles that are generally available to pay employees doing the work associated with those titles. This should be a tentative schedule for the year due to ongoing discussion on various salary issues.

The Salary Schedule is currently published and maintained by the City's Seattle Department of Human Resources. Questions regarding this information may be directed to SHR_InfoSupport@seattle.gov.

COMPENSATION PLAN ADMINISTRATION

Compensation policy is established by a variety of ordinances, personnel rules and regulations. The information provided below is intended to be a general broad summary. Specific questions about the application of ordinances, personnel rules and regulations or other compensation issues should be directed to the Compensation/Classification Unit of the Seattle Department of Human Resources. In any case where there are bargaining unit contract provisions on a subject, the contract provisions are more relevant. The Labor Relations staff assists with interpreting contract provisions.

Discretionary Pay Programs

The City has several pay plans known as discretionary or pay zone programs such as: Accountability Pay for Executives (APEX) Program; Strategic Advisor and Manager (SA/M) Programs; Hearing Examiner Pay Zone; Mayoral Staff Assistant Program; Legislative Assistant Program and City Auditor's Office Pay Zones; Electric Utility Executive Program; Power Marketers Program; Assistant City Attorney Program; Information Technology Professional (ITP) Program; Investments/Debt Director Program; Magistrate Program; Seattle Police Chief Program; City Light General Manager/Chief Executive Program; and Seattle Public Utility General Manager/Chief Executive Program. Individual titles in the programs are generally identified by the "BU or Sal Admin Plan" column in the Salary Schedule.

The chief characteristics of these programs are:

- Broad pay zones - a 50% or greater spread from bottom to top.
- No discrete salary steps for regular program employees; pay may be set anywhere in the zone. The rates shown in the Salary Schedule are the minimum and maximum of each zone. (Departmental spending limits apply to some programs.)
- Individual's pay is set at the discretion of the appointing authority. (Some documentation or approval requirements may apply, depending on the program.)
- No automatic progression through the zone.
- No COLA or general increase; however, market-based structure adjustments may be made at least biennially to the pay zones.
- Individual market adjustments may be awarded to individual pay rates.

Salary Step Exceptions

Every employee under the Step Progression Compensation Program, on first appointment or assignment, will receive the first step of the salary range for the position unless payment at other than first step is approved by the appointing authority and reported to the Compensation/Classification Manager. All salary step exceptions are paid in accordance with the Seattle Municipal Code Section 4.20.030.

Step Increases

In most situations within the Step Progression Compensation Program, an employee will advance to the second step following 1,044 hours of regular service (the equivalent of six months full-time) when hired at the first step of the salary range. Employees appointed to other than the first step will advance to the next step following 2,088 hours of regular service (the equivalent of 12 months full-time). Subsequent step increments to the maximum step of the range will be awarded following each additional 2,088 hours of services. In Discretionary Pay Programs, base salary for employees is set within the pay band to which the position is assigned and changed by direction of the appointing authority.

ABBREVIATIONS USED IN SECTION C

Note: The items listed below represent the most commonly used of the least obvious abbreviations used in the Salary Schedule. Every attempt is made to use abbreviations consistently. The Human Resource Information System (HRIS) permits only 30 characters, including spaces and punctuations, in the payroll title field. Therefore, this limitation occasionally results in creative abbreviating. See contract for precise legislated title.

FLSA STATUS CODES

This section gives a brief description of the codes used in the Salary Schedule which pertain to the Federal Fair Labor Standards Act (FLSA). This section is not intended to be a guide to FLSA interpretations nor summary of its provisions. This code no longer addresses Executive Leave Status. The code explanations shown below indicate how certain types of City jobs fit into certain categories, but they are by no means formal definitions.

The FLSA requires the payment of overtime at time-and-a-half for hours worked in excess of forty per week for all jobs which are not specifically exempt from or not covered by the Act. The Salary Schedule contains a column that indicates whether or not a title is exempt from the overtime provisions of the FLSA. The identifying codes are:

<u>CODE</u>	<u>CATEGORY</u>	<u>TYPES OF POSITIONS</u>
N	Non Exempt	Positions generally treated as covered by the overtime provisions of the FLSA. Some exceptions may be driven by the stipulations described in Seattle Municipal Code 4.20.315.
O	Not Covered	Most elected officials and certain of their appointees are not covered by <i>any</i> of the provisions of the FLSA.
E	Exempt	Positions not covered by the overtime provisions of the FLSA. <i>(Represented positions are covered by the overtime provisions of their collective bargaining agreement, even though their FLSA code may be "E")</i>

WORKERS COMPENSATION (Industrial Insurance) CATEGORIES

The numbers shown in the column headed "Workers Comp" represent codes for Industrial Insurance Classifications, each of which has a separate rate of contribution to the City's Industrial Insurance Fund. The Workers Comp code refers to occupational groups that are grouped together because of the relatively equal exposure to work-related illness or injury. The values of the numbers are:

<u>Value</u>	<u>Meaning</u>

HOW TO USE THE "PAYROLL TITLES AND SALARY RATES" (SECTION "C")

Nearly all compensation information in Sections B and C is presented as an hourly rate even for those positions whose salary is initially authorized as monthly or annually, such as Councilmembers and the Mayor. Jobs, such as Civil Service Commissioner, where compensation is paid on a service basis, are presented at their pay period rate.

Although not displayed in this Salary Schedule, the monthly and annual pay for City jobs, other than Public Safety Uniformed positions, have been projected in the payroll system by multiplying the hourly rate by 174 for monthly and by 2088 for annual (*See below.*) Police and Fire compensation is calculated based on unique formulas. Section D provides greater detail regarding uniformed employees' compensation.

The number in the column titled "Step" refers to the first available step in the "Grade" for the subject title. Additional steps are shown to the right of this first available pay step. Any pay steps numbered prior to the Step column designation (*blank*) is an indication that the step is unavailable for the job code; i.e., No employee may be paid these amounts. The "Step" rate is the beginning pay for the listed job.

Please note that several bargaining units have not settled their contracts affecting rates for 2014, 2015, 2016, 2017, or for 2018. You should inquire if there is updated information from the Classification/Compensation Division. City internal staff may check for the updated rates (*if applicable*) at <http://sdhrweb/compclass/paytitles.asp>.

The formula used for routine rate projection is as follows:

Projection from an hourly rate

Example:

PAYROLL TITLE	SALARY STEPS				
Accounting Technician II	\$24.28	\$25.17	\$26.09	\$27.18	
Animal Control Officer Supervisor	\$31.63	\$32.81	\$34.07	\$35.43	\$36.92

Monthly Estimate/Projection:

hourly rate X 174 = monthly
(24.28 x 174 = 4,224)

hourly rate X 174 = monthly
(31.63 x 174 = 5,503)

The monthly rate is truncated to the whole dollar.

Annual Estimate/Projection:

hourly rate X 2088 = annual
(24.28 x 2088 = 50,696)

hourly rate X 2088 = annual
(31.63 x 2088 = 66,043)

The annual rate is truncated to the whole dollar.
