1.0 BACKGROUND AND PURPOSE

This policy is promulgated by the Board of Trustees of the Colorado School of Mines (“Mines”) pursuant to C.R.S. §23-41-104(1). This policy and any associated administrative procedures describe the process for Mines students, faculty, staff, and other members of the Mines community, and members of the public to access Mines property and facilities for Public Speech Activity, as defined below.

2.0 POLICY

Mines acknowledges and respects the rights of individuals to engage in freedom of expression, freedom of speech, and peaceful assembly. The primary use of Mines’ property and facilities is for activities that are directly related to Mines’ educational mission and purpose, including teaching, research, preparation of scholarly material, student activities, as well as campus support operations. For purposes of engaging in Public Speech Activity, Mines will provide its students, faculty, staff and other members of the Mines Community and the public access to all public, open, outdoor areas on Mines’ campus on a non-discriminatory basis, with the understanding that Public Speech Activity held or sponsored by Mines and its students, faculty and staff shall have priority over the Public Speech Activity of other users. In addition, Mines will provide its enrolled students access to non-academic and publicly accessible indoor spaces that have traditionally been made available to enrolled students for purposes of free expression, as set forth below.

Consistent with the Constitution and applicable law, Mines may impose reasonable and content-neutral time, place and manner restrictions on the use of its property and facilities, and restrict or limit use that disrupts or interferes with any educational activities or university business operations. Previously scheduled events will take priority over nonscheduled events.

2.1 Public Speech Activity Definition.

The term “Public Speech Activity” is defined as all non-commercial, verbal or written means by which individuals communicate or express ideas, including artistic performances, demonstrations, public displays, picketing, distribution of leaflets or other publications, sit-ins, marches, mass gatherings, gathering of petition signatures, voter registration activities, and all other similar activities that are not part of the teaching, research, or other official functions of Mines, or not otherwise sponsored by Mines or any of its academic or administrative departments, divisions or units. Public Speech Activity conducted by students or student organizations is governed by this policy.

2.2 Indoor Spaces.

Certain indoor spaces, including designated portions of the Ben H. Parker Student Center, will be made available to enrolled students for table reservation and static displays. Any other use of campus indoor spaces for Public Speech Activity will be governed by Mines' Facility Use Procedures.
