

# Preliminary Damage Assessment Report

## **South Dakota – Severe Winter Storm FEMA-4298-DR**

***Declared February 1, 2017***

On January 23, 2017, Governor Dennis Daugaard requested a major disaster declaration due to a severe winter storm during the period of December 24-26, 2016. The Governor requested a declaration for Public Assistance for 24 counties and two tribes and Hazard Mitigation statewide. During the period of January 17-19, 2017, joint federal, state, tribal, and local government Preliminary Damage Assessments (PDAs) were conducted in the requested areas and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the state and the affected local governments, and that Federal assistance is necessary.<sup>1</sup>

On February 1, 2017, President Trump declared that a major disaster exists in the State of South Dakota. This declaration made Public Assistance requested by the Governor available to state and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the severe winter storm in Butte, Clark, Codington, Day, Deuel, Dewey, Edmunds, Fall River, Faulk, Grant, Haakon, Hamlin, Harding, Jackson, Jones, Marshall, McPherson, Meade, Pennington, Perkins, Roberts, Stanley, Sully, and Ziebach Counties and the Cheyenne River Sioux Tribe within Dewey and Ziebach Counties and the Oglala Sioux Tribe within Jackson County. This declaration also made Hazard Mitigation Grant Program assistance requested by the Governor available for hazard mitigation measures statewide.<sup>2</sup>

### **Summary of Damage Assessment Information Used in Determining Whether to Declare a Major Disaster**

#### **Individual Assistance - (*Not requested*)**

- Total Number of Residences Impacted:<sup>3</sup> -
  - Destroyed - -
  - Major Damage - -
  - Minor Damage - -
  - Affected - -
- Percentage of insured residences:<sup>4</sup> -
- Percentage of low income households:<sup>5</sup> -
- Percentage of elderly households:<sup>6</sup> -
- Total Individual Assistance cost estimate: N/A

## Public Assistance

- Primary Impact: Damage to utilities
- Total Public Assistance cost estimate: \$9,130,061
- Statewide per capita impact:<sup>7</sup> \$11.21
- Statewide per capita impact indicator:<sup>8</sup> \$1.43
- Countywide per capita impact: Butte County (\$6.94), Clark County (\$9.01), Codington County (\$10.81), Day County (\$116.44), Deuel County (\$565.17), Dewey County (\$42.07), Edmunds County (\$18.26), Fall River County (\$9.09), Faulk County (\$9.88), Grant County (\$250.50), Haakon County (\$156.84), Hamlin County (\$5.25), Harding County (\$16.45), Jackson County (\$9.40), Jones County (\$10.14), Marshall County (\$62.10), McPherson County (\$109.94), Meade County (\$7.31), Pennington County (\$3.88), Perkins County (\$77.40), Roberts County (\$116.35), Stanley County (\$48.69), Sully County (\$16.95), and Ziebach County (\$93.69). The estimated costs for the Cheyenne River Sioux Tribe are included with Dewey and Ziebach Counties and the estimated costs for the Oglala Sioux Tribe are included with Jackson County.
- Countywide per capita impact indicator:<sup>9</sup> \$3.61

---

<sup>1</sup> The Preliminary Damage Assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor's request for a major disaster or emergency declaration, and by the President in determining a response to the Governor's request (44 CFR § 206.33).

<sup>2</sup> When a Governor's request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA's regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).

<sup>3</sup> Degree of damage to impacted residences:

- Destroyed – total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
- Major Damage – substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
- Minor Damage – home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
- Affected – some damage to the structure and contents, but still habitable.

<sup>4</sup> By law, Federal disaster assistance cannot duplicate insurance coverage. 42 U.S.C. § 5155 and 44 C.F.R. § 206.48(b)(5).

<sup>5</sup> Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance. 44 C.F.R. § 206.48(b)(3).

<sup>6</sup> Ibid. 44 C.F.R. § 206.48(b)(3).

<sup>7</sup> Based on State population in the 2010 Census.

<sup>8</sup> Statewide Per Capita Impact Indicator for FY17, *Federal Register*, October 1, 2016.

<sup>9</sup> Countywide Per Capita Impact Indicator for FY17, *Federal Register*, October 1, 2016.
