ID Card Format

ID cards have different designs and sizes. But when it comes down to the format, they're all the same. With that said, these are the parts of a standard ID card format.

1. ID Photo

The ID photo should have good lighting and must be presentable. It must display the cardholder's facial features clearly.

2. Cardholder's Name and Position

It wouldn't be an ID card without the cardholder's complete name and his or her position in the company, institution, or organization.

3. Logo

The organization logo must be present on the ID card. Without it, the ID card would be invalid.

4. Cardholder's Signature

The signature of the cardholder must be on the ID card. It signifies that he or she is its official owner.

FAQs

What are the types of ID cards?

There are many types of ID cards, but these are the most common:
