Photo Frame Sizes for Digital – Social Media

Facebook Photo Frame Size

Digital photo frames to be shared and uploaded on Facebook timelines should have at least 2048 pixels for best quality. As for digital frames of profile pictures, the recommended pixel count is 183 x 183.

Instagram Photo Frame Size

On Instagram, the usual size of landscape jpg and png photos is 1080 x 608 pixels, and the portrait photo size is 1080 x 1350 pixels. So if you want to upload digital photo frames on Instagram, opt for those pixel counts.

Twitter Photo Frame Size

Photos uploaded on Twitter are recommended to have at least 600 x 600 pixels. That said, make sure that your digital photo frames have that pixel count. For profile images, 400 x 400 pixels is the minimum requirement.

LinkedIn Photo Frame Size

For LinkedIn profile pictures, the required pixel count for optimal quality is 300 x 300. Your profile photo frames must have that pixel count or higher to make them more presentable.

Photo Frame Sizes for Print

4 x 6 inches

4" x 6" photo frames are relatively small and can be handheld. They can stand on top of office tables, computer desks, and bedside tables.

5 x 5 inches

5 "x 5" photo frames are great for home decor. They're excellent for birthday photos, wedding photos, and family photos showing the love you have between you and the people closest to you.

5 x 7 inches

Pictures, papers with artwork, and collages that measure 5" x 7" are best encased in DIY photo frames of the same measurement. They help add elements of ornament to a picture, especially if they're made of wood.

8 x 10 inches

Photo frames that are square and rectangular in shape, measuring 8" x 10", are big enough to be hung and set on walls. You can use them to encase printed anniversary photos, Christmas photos, and other photos showing a joyous memory.

11 x 14 inches

If your picture is double the size of 4" x 6" or 5" x 5" pictures, you should opt for 11" x 14" photo frames. Hanging them on walls would be great for your home decor, and you can gift them as presents.

16 x 20 inches

Frames measuring 16" x 20" are among the largest of their kind but far from the size of booth frames. You can hang them on walls near or behind your couch to serve as the background designs of your living room.
