

Rack Cards

Rack cards are pieces of paper that servers and workers would give you when you are in a hotel, grocery, restaurant, and other similar places. Read on to find out everything about rack cards!

Rack Card

Rack Card Definition & Meaning

Rack cards are advertising tools typically around 4" x 9" inches and are frequently found in places many people visit.

These places include hotels, restaurants, grocery stores, and similar businesses that use rack cards to promote themselves.

What Is A Rack Card?

Rack cards are little pieces of paper found in restaurants, convenience stores, and other public service places. They commonly advertise areas, venues, or tourist spots to help people know more about the place and what they can get from there. They are similar to flyers and leaflets since they are small, compact pieces of paper used to promote a business.

10 Types Of Rack Card

Business Rack Card

General business owners running grocery stores, retail shops, and markets, including nonprofit organizations, are known for using [business rack cards](#) to boost sales or promote their organization to the public. Their content may be filled with information about the company and promotions on sales. This is one of the common types of rack cards put to use.

Restaurant Rack Card

[Restaurant rack cards](#) promote the businesses' dishes and might have details on their delivery service. It may be similar to a menu due to photos of the food with a brief description, but don't confuse them. Rack cards are usually found in the lobby or restaurants and are handed out by servers.

Beauty Rack Card

[Beauty rack cards](#) are mostly seen and used in salons, spas, and make-up businesses. Their content promotes beauty products like make-up or skincare, for example. And their target may vary based on the products/services presented in their content.

Marketing Rack Card

[Marketing rack cards](#) have a specific design to promote the businesses that produced them to expand their market reach. Places like online businesses, colleges, or hospitals make use of these types of rack cards. They are used specifically for marketing strategies hence their name.

The image shows a vertical marketing rack card for Azelon Marketing Agency. The card has a dark blue background with yellow accents. At the top left is the Azelon Marketing Agency logo, consisting of two overlapping squares and the text "Azelon Marketing Agency". Below the logo is a yellow circle with the text "WORK WITH US NOW!". The central part of the card features a photograph of a woman in a yellow and black plaid jacket and a man in a black shirt and beanie, both looking at a laptop. Below the photo is the section "WHAT WE OFFER" with the following text: "Digital Marketing Services", "Content Writing", and "Social Media Management". At the bottom is the "CONTACT US" section with the phone number "222 555 7777", the website "azelonmktg.com", and the social media handle "@azelonmktg". A small "TEMPLATE.NET" watermark is visible in the bottom right corner.

Rack Card Uses, Purpose, Importance

For Advertising

The main purpose of rack cards is to advertise the businesses that have produced them. This helps people be aware of the latest offers.

To Inform

Rack cards contain informative content that readers can look through to learn what businesses are currently advertising.

To Attract Customers

Rack cards are compact and easy to carry, and with their colorful graphic mockups, they can attract people to check their contents. Not only that, but it also gets them interested in checking out what businesses are advertising.

What's In A Rack Card? Parts?

Name And Logo

Start your rack card with the name and logo of your business. This will help readers understand right away what they will be reading about.

Images

Get creative with photos and images that feature in your rack cards.

Advertisement Details

This would be the meat of your content. Here is where you add the information and details of the product/service you wish to advertise.

Business Details

Details such as contact number, location, payment methods, and opening hours must be added to the rack cards, so readers know how to reach out if they wish to.

Call To Action

Ending your rack card with a call to action is recommended as this can encourage readers to reach out or buy what you are selling.

Rack Card Vs. Announcement

Rack cards are used for advertising businesses and are found in places with many people.

On the other hand, as its name suggests, announcements are promotion tools used to inform readers of an upcoming event.

What's the Difference Between a Rack Card, Business Cards, and Greeting Cards?

A rack card is found in places with significant traffic and is a small compact piece of paper used to advertise businesses.

Business cards are small pieces of rectangular paper, mainly the size of a person's palm, which display a person's name, number, and work/business/services details.

As its name suggests, a greeting card is a piece of paper with a custom graphic showing a greeting and a creative background design.

Rack Card Sizes

4 x 9 is the most common size for all [rack card sizes](#). The rest are usually custom or made in sizes similar to the former. Below is a list of the most used sizes.

Types of Rack Cards	Size (in)
Flat	3.5" x 8.5"
Flat	4" x 9"
Half Folded	7.875" x 9"
Tri Folded	11.875" x 9"
