Resume Sizes Standard

US- 8.5 x 11 inches

Europe- 210 mm x 297 mm

A4- 8.27 x 11.7 inches

US

US Letter size is 8.5 x 11 inches and is commonly used in the States, Canada, and other Asian countries like the Philippines.

Europe

The Europe size of 210 mm x 297 mm is actually the standard A4 international size. This size of resume is most popular worldwide.

A4

A4 size is at 8.27 x 11.7 inches. This resume size is the standard because of its enough space for content and white spaces.

Resume Sizes for Digital - Social Media

Facebook Resume

For digital resumes, details matter, your font size, pixel, formats, and other dimensions also speak for the owner. Consider using 10 pt or 12 pt for your font size for easy readability. On Facebook, make sure to use 6300 x 1200 px in portrait for a better desktop and smartphone view of your resume.

Twitter Resume

It is not always that you see a resume posted on Twitter, but if Twitter Resume is your jam then consider following the recommended in-stream photo size of 1600 x 900 pixels with a maximum file size of 5 MB for photos and up to 15 MB on the web.

Instagram Resume

Instagram is a place for photos of leisure and life, but an Instagram resume can work wonders. Use 1030 x 1350 px in portrait size photo for your Instagram resume.

Linkedin Resume

It is not new to see LinkedIn Resumes, since this platform is created and used for professional linkages and employment. Uploading a resume on LinkedIn must have a file size of 2MB or less, and must follow the standard paper size of either the US- 8.5 x 11 inches, Europe- 210 mm x 297 mm, and A4- 8.27 x 11.7 inches.

Resume Sizes for Print
