# How to Convert PNG to SVG in Adobe Illustrator

Want to know how to convert PNG to SVG in Adobe Illustrator? This article can inform users how.

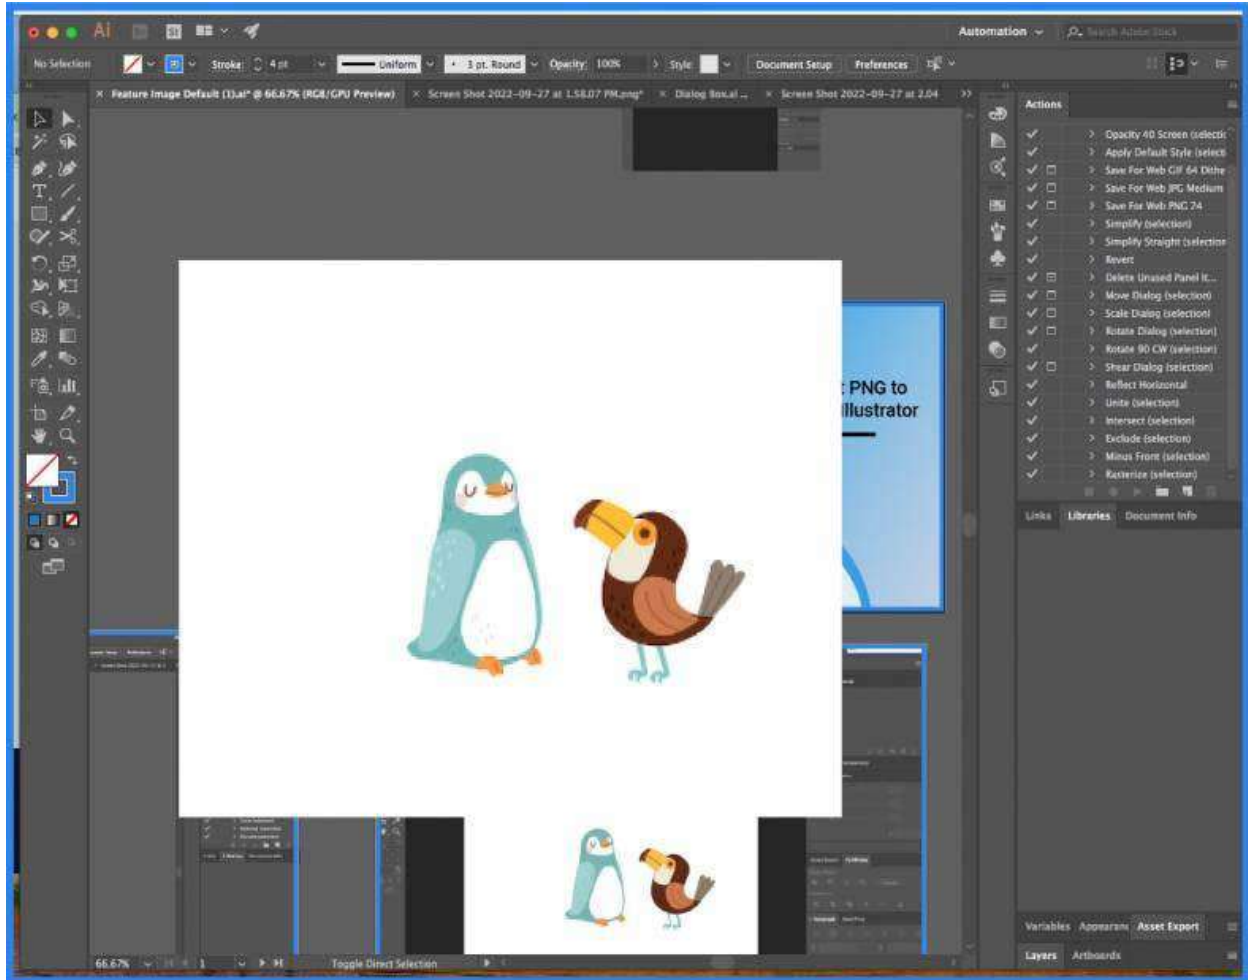

How to Convert PNG to SVG in Adobe Illustrator

Converting PNG images to SVG takes only a few minutes. Simply follow these steps.
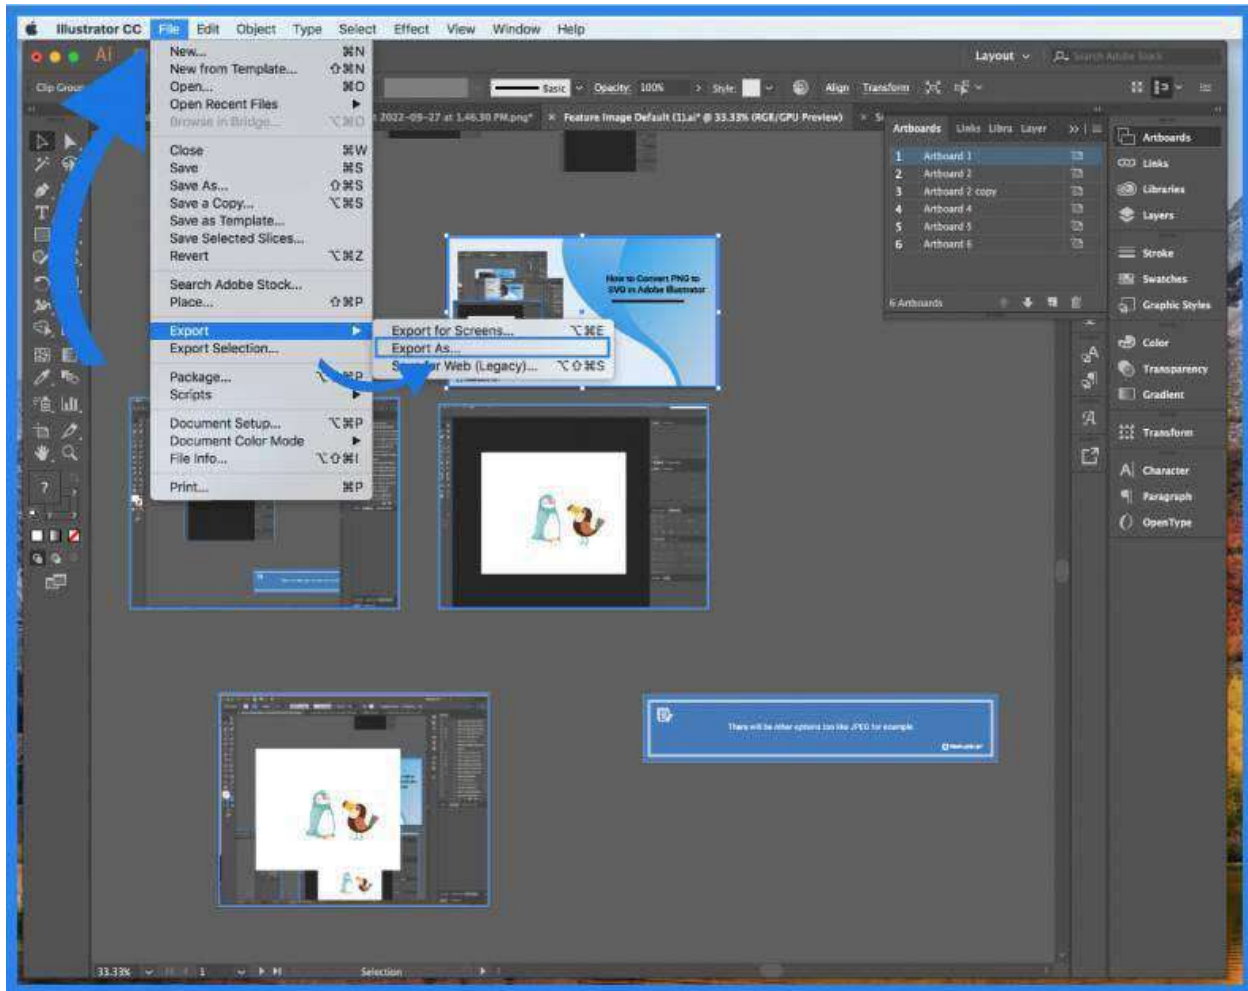

- **Step 1: Open Adobe Illustrator**
  To get started, first select the PNG image that you wish to convert and open it with Adobe Illustrator.
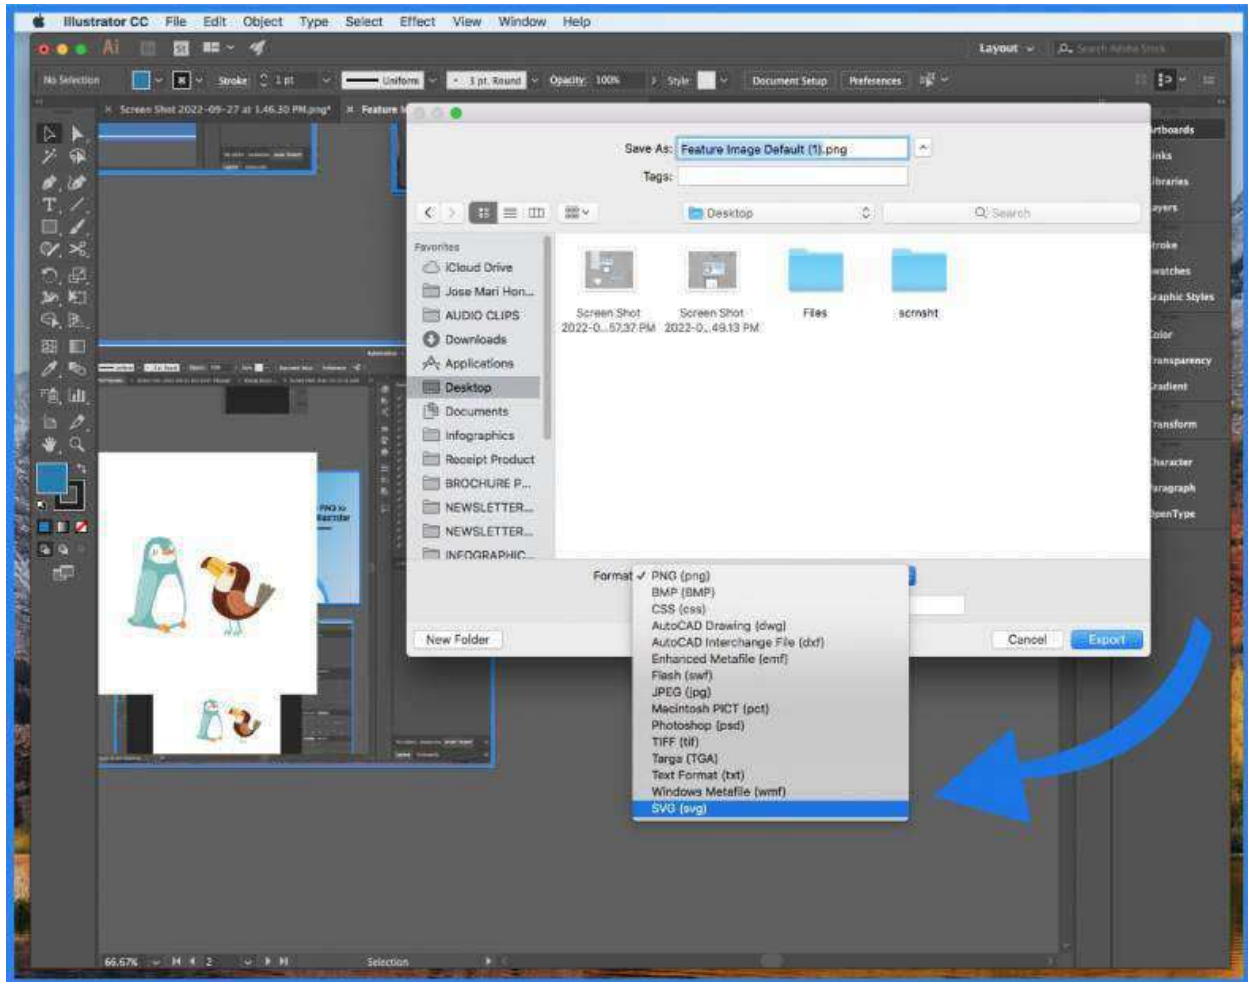

- **Step 2: Choose File and Click Export**
  Move your cursor to the top part of the screen and click on File in the menu bar. It will cause a dropdown to appear and from there click on Export.
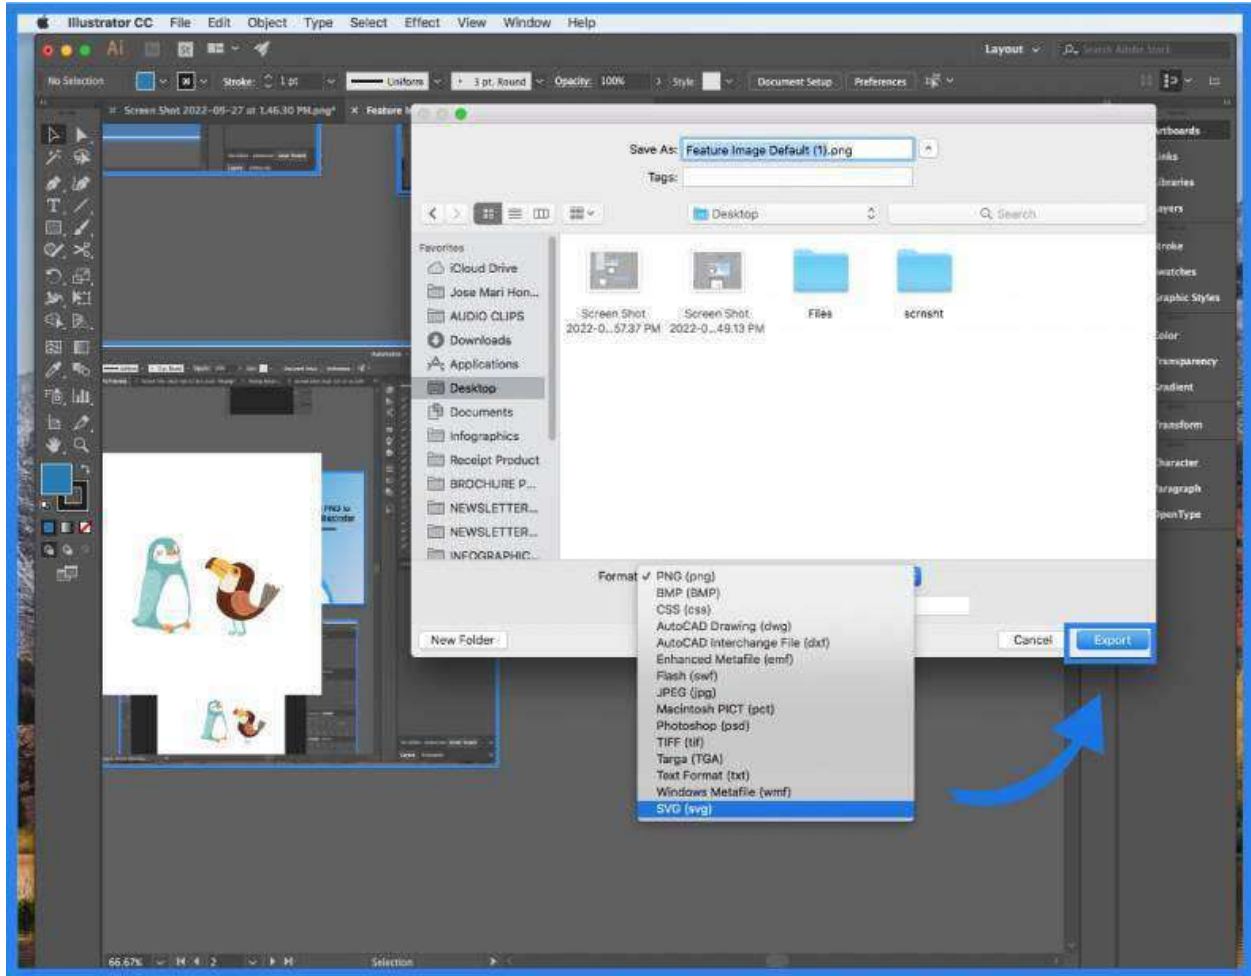

- **Step 3: Choose SVG**
  A new window will appear and from there you can choose to change the PNG file format to an SVG format by clicking on the button next to the word 'Format'.

There will be other options too like JPEG for example

T TEMPLATE.NET

- **Step 4: Click Export**

  When all that's done, click on the Export button at the bottom part of the window.
  That is how you convert PNG to SVG in Adobe Illustrator.
