- **Step 2: Open a New Document**

Open Adobe InDesign, create a new .indd document and ensure the number of pages is the same as your PDF.

- **Step 3: Convert as PDF**

In the top-left corner of your Adobe InDesign interface, click on “File” then “Place”, a dialog window pops up then choose “Show Import Options”, and select the PDF you want to import.

- **Step 4: Click OK**

Finally, click “OK” to try the converted file.
