How to Make a CV with Adobe InDesign

Using Adobe InDesign is perfect for creating a comprehensive and good-quality curriculum vitae, which is ideal for an improved experience. A curriculum vitae, commonly called CV, is an employment document that outlines one's educational and career experiences, and also it acts as a database of your professional growth.

How to Make a CV with Adobe InDesign

Adobe InDesign makes graphics and document making a whole lot easier because of its functions and features. Below is the step-by-step process to make your CV.

• Step 1: Open Adobe InDesign

Secure an Adobe InDesign by either purchasing this software together with all the Adobe applications or buying Adobe InDesign as single software.

• Step 2: Start a New Document

To start creating, start a new document by clicking "File" then select "New" in the drop-down menu, then select "Document", choose your preferred page size, preferably Letter, and click "Create".

🔟 🏫 File	Edit Layout Type Object	Table View Window Help
**	New Open Browse in Bridge Open Recent	> Document Ctrl+N Ctrl+O Ctrl- t+O Library > ted] ×
	Close Save Save As Check In	Ctrl+W 56 60 54 48 42 36 Ctrl+S Ctrl+Shift+S

• Step 4: Create CV Sections

Select "Type & Tables" and then click "Character/Paragraph", then in the Character menu choose your font, font, font size, color, and text alignment.

• Step 5: Write CV Content

Write the content of your curriculum vitae including your profile, educational background, skills, career experiences, and other specialized professional and personal information.

• Step 6: Format CV

After finishing your CV content, make sure to align and format your curriculum vitae to fit in digital copy and printing layout.

• Step 7: Maximize Adobe InDesign Features

For digital copies of your CV, you may utilize interactive features such as hyperlinks, drop-down menus, page transitions, buttons, and forms. For example, in hyperlinking select the text that you would like to link from and find the chain link icon, then copy and paste it to the external link.

• Step 8: Save CV

Select "File" on the top left corner of your screen, name your CV document, choose the location where you wish your file to be saved, select a file format, and export the document.
