Hobbit Day History

J.R.R. Tolkien's *The Hobbit* was published on September 21, 1937, which launched his epic Middle-Earth saga. *The Hobbit*'s main protagonist is Bilbo Baggins who lives in the serene town of the Shire. Seventeen years later, Tolkien's *The Lord of the Rings* trilogy began spearheaded by *The Fellowship of the Ring* (1954), followed by *The Two Towers* (1955), and concluded by *The Return of the King* (1955). The trilogy's main protagonist is Bilbo's cousin Frodo Baggins. Over two decades later, The American Tolkien Society proclaimed Hobbit Day in 1978 in honor of Middle-Earth's two most famous hobbits.
