International Chocolate Day Definition and Meaning

International Chocolate Day or World Chocolate Day is a yearly event that celebrates anything that has gotten to do with chocolate.

This day showcases everyone's love for chocolates, not just the consumers, but the people who create them as well for baking.

When Is International Chocolate Day?

International Chocolate Day is celebrated every 7th of July as some suggest is related to the first introduction of this tasty treat in Europe back in the 1500s. However, it should be noted there are other similar Chocolate day celebrations around the world, such as in the U.S. National Confectioners Association lists 13 September as International Chocolate Day, and Ghana and Latvia have their celebrations every February 14 and July 11 respectively.

International Chocolate Day History

Although cocoa plants have been around long before humans, the invention of chocolates as a treat began in 1550 in Europe. Its observance started not too long ago in the year 2009. The people of Latin America began harvesting cocoa plants a long time now and when European explorers reached their lands they brought back these exotic cacao beans and recipes with them to their homeland thus beginning the evolution of chocolates.

International Chocolate Day Purpose, Importance

Chocolates are either sweet or bitter and come in a variety of sizes, and shapes and are used as ingredients in baking and cooking other food meals. As a well-loved dessert enjoyed by many, it's only natural to dedicate a day to chocolates without prejudice. This is is also the right time to share facts and raise awareness of the healthy benefits of chocolates.

Benefits of Chocolates

Let's face it, chocolates are sometimes referred to as an unhealthy snack that can make you sick. Although excessively eating chocolates may have negative side effects, they still have several benefits

that are good for your health. In celebration of International Chocolate Day, it is the best time to share positive information and the great benefits of eating chocolates.

Showcase Different Kinds of Chocolates

Over the years, the art of chocolate creation has evolved as new recipes have been created. International Chocolate Day is the best time to highlight old and new chocolate creations and recipes. Businesses can use this day to sell their products or prepare fun activities and events.

No Need to Feel Guilty!
